LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers

Doesn't hurt a bit! Drop a little Freeseone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! Freeseone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses without soreness or irritation. Freeseone is the sensational discovery of a Cincinnati genius. It is wonderful.

TWO SWEET PICKLES.

EVER SALIVATED BY CALOMEL? HORRIBLE!

CALOMEL IS QUICKSILVER AND ACTS LIKE DYNAMITE ON YOUR LIVER.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your drug-gist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel.

It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it lones you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

ANNUAL REPORT OF LAWRENCE COUNTY S. S. ASSOCIATION

The 29th annual convention of the Lawrence County Sunday School Association was held at the First Baptist Church, of Louisa, on July 17th. The program as printed in this paper two weeks ago was carried out to the delight of the visiting and local delegates.

The devotional exercises were conducted by Rev. Pope of the Baptist church.

Prof. E. M. Kennison's address, "Does the Sunday School Pay," was a gem and coming from a man who has the Sunday school experience of Prof. Kennison, it certainly impressed the delegates.

"Our Fred," as Rev. Frederick F. Shannon is affectionately called, held the close attention of the convention. His address was just such a one as the average worker needs, and no doubt but what it will be productive of much good. The people of Lawrence county look forward to his coming each year with joy.

At the afternoon services, Brother H. O. Chambers of the M. E. Church South, delighted the convention with a description of his trip to the Centenary at Columbus, Ohio. You could almost imagine yourself one of the vast throng in attendance, as he carried you from one point of interest to another.

Field-Worker W. J. Vaughan recited some of his experiences during the long years he has occupied that very responsible position, in which there was tragedy, comedy and pathos, his story of "John" moved many to tears, and no doubt caused many of the delegates to rededicate themselves to the great cause of Sunday schools.

Miss Opal Spencer and Miss Kizile Clay Burns very graciously donated their services in rendering a beautiful duet.

Mrs. George R. Vinson and Mrs. F. T. B. Wallace, as they have so unselfishly done for years, presided at the piano and organ.

Judge T. S. Thompson in his happy way delivered the address of welcome, and made the visitors feel at home, and by way of confirming all he said, every delegate and visitor was entertained in the usual Kentucky way.

The report of Mr. James Prince, County Secretary was full and complete, and showed that he had visited eleven schools, either home-schooled, train-back, or foot-back, exceeding the County President by two, he having visited nine schools this season.

Rev. Pope highly entertained the convention by singing a beautiful song, accompanied by Mrs. G. R. Vinson on the piano.

A beautiful feature of the convention was the singing of the classes of Mrs. C. L. Miller, Mrs. R. L. Vinson and Mrs. J. L. Carey. These classes are composed of little girls and boys, aged from three to seven years.

The following composed the committee on nominations: A. O. Carter, Charles Miller, J. K. Fuller and B. S. Bellomy.

The following were appointed a committee on resolutions: Judge T. S. Thompson, Miss Elizabeth Hatten and Miss Opal.

A full report of the action of each of these committees will be published later. The convention decided that the 2nd day of the State convention, to-wit August 20, 1919, would be "Lawrence County Day" and requested all Lawrence county folks who intend to visit Ashland during the said convention to do so on that day if possible.

Just before the convention closed the County President called to the platform a little red-headed boy about 5 years of age, and said: "I want to file this boy as an exhibit and also as the result and fruit of Sunday schools."

This boy was born on Twin Branch, and has been a constant attendant of the Sunday school since, and before he could walk. His name is Manley Diamond.

He was requested to make a few remarks to the convention, and with the grace of a Chesterfield, he complied and received hearty applause for his effort.

The venerable R. T. Burns, for many years president of this association, was a welcome visitor during the entire convention.

BIG SANDY COAL OUTPUT EXCEEDS EVEN WAR RECORD

It has been a long, long road, but the coal operators of the Big Sandy are coming into their own again. In the week of July 7-12 the C. & O. took out 1324 cars, which is only 36 cars below the high record of the week of June 22-27, 1919. The C. & O. took from all fields last week 15,021 cars, which is a new record, exceeding the previous high record last July by 82 cars.

This is as remarkable as it is gratifying, as few people believed that shipments in this year of peace would reach anything like the enormous volume of the war year of 1918.—Ashland Independent.
